

The Tauranga SeniorNet Club Inc.

General Information

Who we are.

Tauranga SeniorNet Club Inc. is a voluntary, non-profit organization for senior adults and is a member of The New Zealand Federation of SeniorNet Societies (Inc.). Through the Federation we can share ideas and expertise electronically via Senior Hangouts with SeniorNet clubs in other parts of New Zealand. This is aimed at maintaining a high standard of service to members and bringing the latest developments in technology to our Learning Centre.

What we do.

An annual subscription to the club offers its members the opportunity to learn technical skills in a friendly and enjoyable way so that they may use their electronic devices effectively. We aim to help add quality of life for our members by enabling them to communicate electronically more easily with others and make new friends as they learn about computer technology. ***The club does not provide transport to its venue at any time.***

The club's friendly environment is where seniors help seniors to make the most of their numerous electronic devices whether it is a computer, laptop, tablet, iPad, smart TV, or phone.

Regular club days are held for members with speakers on various subjects. On club days, time permitting, after the conclusion of the speaker ongoing help is given to members and a cuppa is enjoyed by all.

Lessons are held during school terms for an additional small fee which is paid at the time of enrolling for a course. Online banking is available and Eftpos is available in the club rooms.

SeniorNet Coaches are volunteers, often passing on skills which they themselves learnt only recently. They give their own time freely to help members to achieve their goals.

They are not professionally trained and qualified teachers. Rather they guide and assist members, each having different areas of interest and skill. They endeavor to be as helpful as possible, having faced the same situations that you may face in mastering modern electronic gadgetry. It is our philosophy for members to help others, and in doing so, continue to learn.

All lessons are held at the Tauranga SeniorNet club rooms on 17th Avenue and are based on computer activities which help you learn each skill and provide practice in using them.

Our up-to-date web site contains a large amount of information about the club, the courses we teach and other information about the club. **Website:** www.taurangasenior.net.co.nz
